Out of a maiden mare, this colt is everything we hoped to get from this cross. He is well built and is a looker. He should make 15 hands and will turn heads! Plenty of bone and a nice demeanour makes this colt a great option for almost anyone. For more information on his sire and dam check out

While his color might not be everyone's cup of tea, this colt is really nice. He has size and will be strong and able to handle a full days work. With his mix of run and cow, he will be well suited as a barrel or head horse. He would make a great ranch horse too. He is curious and sweet and will be easy to get along

"Topper" should mature to be 15 HH. This breeding has always ended up with good minded, quick learning and willing mounts. Why ride something ugly when you can ride a pretty one? At sale time this guy will be halter broke and all you have to do is let him grow up for a year!

a 12.3hh stud that has been nothing but a joy to break—level-headed from day one and moving cattle by his third ride. Today we are offering his first foal out of my personal favourite registered pony mare. The filly's dam is a direct daughter of my first pony growing up, sired by my go-to Welsh x Quarter Horse ranch ride. We have done a little bit of everything with this mare, and she has been every kid's favourite pony to ride. We call this filly Echo. She comes registered with IQPA papers and is halter broke. She's built like a Quarter Horse and thinks like one—bred to be easy to break and made for the next generation of young horsemen and trainers. We anticipate Echo maturing between 10.2hh and 11.2hh.

Having grown up breaking ponies to ride and drive, we always found there was a lack of good ponies with the brains and pedigree to back them. Four years ago, I set out to bridge that gap by breeding one of our best Shetland-influenced mares to a direct son of CD Olena, with Peppy San breeding on the bottom side. The result was

Some colts have good papers. Others have the pedigree to shape the future. Northern Burn Notice is one of those colts. Sired by Northern Metallic (LTE \$100,000+ NRCHA), a multiple NRCHA aged event finalist, NRCHA Superior Cow Horse, and an own son of the legendary Metallic Cat, Burn is backed by one of the most sought-after performance pedigrees in the western horse industry today. Northern Metallic has earned a reputation for passing on athleticism, exceptional minds, and natural cow sense, making his offspring highly desirable across multiple disciplines. His dam, Zacs Catty Burnette, adds another layer of proven performance genetics, giving Burn a pedigree stacked with accomplished horses on both the top and bottom side. This is the kind of cross designed with one purpose, to produce elite performance horses. Burn is an eye-catching colt with the balance, structure, and presence expected from his pedigree. Strong over his topline, deep through the hip, and naturally athletic, he moves with fluidity and confidence. He is intelligent, curious, and carries himself with the quiet confidence that makes outstanding prospects. Raised at Broken Spur Ranch, he has been thoughtfully handled from day one and is developing exactly as a young performance horse should. He is halter broke, ties, stalls, has been hauled, is up to date on hoof care, and continues to show a willing, trainable disposition. For buyers seeking a prospect backed by proven earnings, elite bloodlines, and the conformation to match, Northern Burn Notice offers a rare opportunity to invest in a colt with unlimited potential.
