This good looking Ju Juzz colt has size, hence his barn name ATLAS. If you always wanted a JuJu baby, this is one you don't want to miss out on!!

Atlas is a handsome, friendly, very straight & correct 2025 AQHA Bay stallion that will be a versatile all-around prospect. He is bred to be a top Reiner, work a cow down the fence, Ranch Rider, and he has the size to be a future

rope horse, work the ranch and do it all instead of just one discipline!! Atlas is halter broke, been raised with handling in the barn/box stall, lived in large paddocks and is now out with the herd on a 40 acre pasture, used to barb wire, electric fence and triple rail. Zero catching issues, he comes right up to you, it's hard to get pictures he's always wanting your attention. Trims & deworming are up to date. Atlas is eligible for NRHA, NARS, All Stars Reining nominations in the US as well as SRHA & RAPP in Canada. His Sire, Ju Juzz Gunslinger is 21 years old and still being rode 2-3 times a week, he is 100% sound and has never required maintenance or injections during our ownership to current, proving longevity to pass on to his offspring. Ju Juzz competition history speaks for itself being on Reining Team Canada competing in Normandy France. His NRHA earnings of \$40,000+ is from back in the days where you had to win at 20+ shows to amass this amount of earnings. Don't miss out on this incredible colt! Incredible head, eye and body. He is one to look over very carefully. The dam, a grand daughter of Smart Little Baggins has been one of our top producing mares. This cross has been very popular. Great minds, athletic and so nice to ride. Full siblings are competing in anything from barrels, roping, team penning/sorting. Sired by our old herd sire Smarter Image (Very Smart Remedy) with almost 25 k earnings NRCHA and CCRHA.

Rebel Knight is an amazing young colt with a lot of potential! He is expected to reach 15.1 HH. His dam, CR Orphan Rosedust, an American quarter horse dun mare, is a descendent of the famous Driftwood line. Driftwood horses are known for their athletic and rodeo capabilities, such as in barrel racing and

roping competitions. They are also known for their speed, calm nature, and good minds. The Driftwood line has produced hundreds of foals all over Canada and the United States that have gone on to win many championships. Rebel Knight's sire is Excalibur Fox, a perlino thoroughbred stallion, who produces calm, smart foals who have very correct confirmations and have very gentle and trainable personalities. Rebel Knight has already displayed many of his dam and sire's personality traits. He is an energetic, curious young colt who will excel in any direction he is pointed in.

Pud - absolutely stunning palomino stud colt. Should mature to 14.3-15hh. Sire, 14.1HH dunalino, Son of Cruizin Whiz and Wimpy's Little Step grandson. Dam, 15.2HH. Grade sorrel mare. This colts big hip, beautiful head and neck, and conformation will make this colt a performer. He is a serious prospect for reining, cutting, working cow, roping and, of course, ranch work. He's got beautiful movement, thick muscled, bold, curious, thinks and learns fast. He is the "born broke" kind; no muss, no fuss. He is a pleasure to work with, meets you at the gate, not spooky and in your pocket kind of

fellow. This colt is already halterbroke, ties, baths and clips, used to dogs, and trailers easily. Everything we have done with him he has taken in stride. His feet will be trimmed and is UTD on vaccinations and worming. Pud is a very cool dude. He will make an excellent addition to anyone's herd.

If you're looking for a big, tanky colt to bring home this fall, look no further! JS Boon N Corona is that and more. Sired by Obsessed With Corona, he is SUPER STAKES nominated. So barrel racers here is your next great one! He is a big, thick boy, a great run over cow cross, wrapped up in a gorgeous DUN ROAN package. He is

115

straight legged, pretty headed, good attitude. Out of one of our favorite mares, she has thrown phenomenal foals with great minds and built to last. Lots of money earners on her papers, so lots of great breeding to back up this great cross. Obsessed With Corona has money earners in both AQHA racing and barrel racing. He is one of the star studs standing at Danards Quarter Horses and their program needs no introduction. They have a solid program that has produced some really competitive horses. This colt will excel in any arena, not just the barrel pen. We could see him as a great rodeo mount with his size and athleticism.

If you are looking for a gorgeous filly that can do it all, here she is! One of the prettiest foals this year by far. She is built with straight legs and good bone. Has been great to handle and comes to see you in the pasture. Sired by Sweet Mr Katz, NCHA \$24,000, a son of High Brow Cat and out of a Holidoc mare. Some modern

cow lines on the good foundation lines, can't get better crosses than that. The dam has offspring that have done well, with some really nice barrel horses running in the states. This filly has the looks, build, mind and pedigree to excel in whichever direction you want to take her. She could be your next rodeo superstar, run the barrels in the morning and breakaway in the afternoon. Don't miss out! Eligible for Alberta Stock Horse Futurity Incentive and Breeders Elite.

Babe has been extensively hauled all summer, going to her first public outing at just a few weeks of age. She has been exposed

to almost anything you can think of, from sheep, goats, llamas, alpacas, other horses, dogs, pigs, cattle, ducks and chickens. Also small aircrafts overhead, and trains running through the middle of the property; not much fazes her. She also was exposed to gunfire, when the "mounted shooters" were at one of the rodeos we competed at. She has been tied alongside her mamma while in harness, and trots along very naturally. Babe's mother, a percheron mare we call Valor is half of my heavy horse pulling team – and has a very strong work ethic. If Babe follows in her mom's footsteps, she will have all the drive and heart to do anything asked of her. Her sire is a very big gentle giant of a registered Clydesdale stallion by the name of Fargo's Masters Such a Fuss, who we are very proud to own. Fuss is the type of stud you can leave running with mares who are foaling, and trust with the kids in his pen. Babe ties,

leads, loads, goes onto the weigh scale (willingly most days), lifts her feet, and loves bum, and udder scratches; she has truly been handled from head to toe from day one. Babe has been up the gravel roads, down the secondary highways and been a crowd favorite everywhere we go.

Freya has the breeding to be a great all around ranch horse. Bringing bone, athleticism, and muscle. Mom is a

mostly cutting line quarter horse cross mare (with a dash of Canadian and percheron to round out the mix) a grulla gone grey she did not pass the grey to Freya. Freya's dam has raised many terrific foals who have been very versatile. While her sire is our home bred drum Stud Justice. 2025 was the first foal crop from him and he definitely did not disappoint – his foals have been inquisitive from birth. Justice was out of one of my absolute best Clydesdale mares I ever owned whose feather surpassed most gypsy stallions. His sire goes back to some of the greats in the gypsy world such as Sligo and Lion King! Justice has shown to have a very gentle disposition who adores our kids and often stands along the fence hoping for cuddles. Out on the range he herds his mares and foals when danger is near and does his job well. Hand breeding he keeps his brains and leads away from the mares with ease. Justice is what we truly strive for in

a drum stallion and he's only going to get better with age. We truly feel he has passed all his great characteristics onto Freya and his other foals.

Horse in mind – can't ride papers out on the range. His dam is one of our young thoroughbred x gypsy vanner mares who we are excited for the future. Her mother still runs our pastures at 32 years of age proving longevity on the dams side. The mares sire is our shorter gypsy stallion Candy Mans Pleasure who is a producer grandson both top and bottom side and stands roughly 13.3hh. Ranger is sired by our Gentle Giant of a Registered Clydesdale stud Fargos Masters Such a Fuss. Fuss has proven that he throws a gentle willing disposition with athleticism and size. Fuss stands around 18.1-18.2hh so we expect Ranger to make the 16 hand mark or very close to. Fuss is not the new age hitchy style Clydesdale but rather the old working build that is hard to come by. We trust fuss around mares foaling and young children and are sure Ranger will have an equally great mind for his future partner in life.

This ¼ Percheron x Quarter Horse filly is everything you could want in a future using horse!

Breeding:
 Dam: ½ Percheron – solid, good-minded draft mares, full sisters
 Sire: Quarter Horse
 Background: Owner has home-raised and trained both dams, their full sister, and both dam’s mothers

ensuring proven, reliable minds and excellent temperaments in this line. Temperament: Quiet, halter broke, extremely friendly, spunky and playful – they love socializing, kids, dogs, and farm life. Always first to the fence, but never pushy. Exposure: Tied alongside their dams in multiple parades, busy family gatherings, quiet family rides, and special events, they are already confident around all the sights and sounds. They’ve also been turned out to graze loose on the acreage, around kids and animals, with no issues – they stay close and are always easy to catch. Potential: Friday will mature into a good, thick, great-minded mare, perfect for ranch work, trails, driving, or being a family favourite. If you’re looking for a quiet, people-friendly filly with a solid foundation and excellent personality, Friday is your girl! Friday had a naval hernia repair, still healing. These babies have truly become part of our family and will be tough to say goodbye, but knowing their temperament and potential, it’s going to be a pleasure for someone else to enjoy them and make their own memories.

This ¼ Percheron x Quarter Horse filly is everything you could want in a future using horse! Breeding:

Dam: ½ Percheron – solid, good-minded draft mares, full sisters

Sire: Quarter Horse Background: Owner has home-raised and trained both dams, their full sister, and both dams' mothers, ensuring proven, reliable minds and excellent temperaments in this line. Temperament: Quiet, halter broke, extremely friendly, spunky and playful – they love socializing, kids, dogs, and farm life. Always first to the fence, but never pushy. Tied alongside their dams in multiple parades, busy family gatherings, quiet family rides,

and special events, they are already confident around all the sights and sounds. They've also been turned out to graze loose on the acreage, around kids and animals, with no issues – they stay close and are always easy to catch. Thursday will mature into a good, thick, great-minded mare, perfect for ranch work, trails, driving, or being a family favourite. If you're looking for a quiet, people-friendly filly with a solid foundation and excellent personality, Thursday is your girl! These babies have truly become part of our family and will be tough to say goodbye, but knowing their temperament and potential, it's going to be a pleasure for someone else to enjoy them and make their own memories.

A super fancy Red Roan Filly by SD Rebel out of a B/W paint mare. We've raised 3 full siblings and sent them all to the US. Their owners rave about their trainability and great disposition. These Gypsy crosses have the feather and mane of the gypsy but not so heavy footed and are

127

a much nicer riding horse being quicker footed and much more rider friendly at the end of the day. This fancy filly is a head turner and definitely could make a great high end US sale prospect for someone wanting to go that way. Or the perfect fit for anyone wanting to get noticed anywhere. This filly will mature 15.2 @1300lbs.

* For US buyers we offer brokering and transportation across the border as we are well versed in the procedure.

* For buyers not ready to take the foal home we are willing to put the colt back on the mare for a time.

This power house Filly is a 3/4 sibling to the red roan gypsy cross also in the sale 'Ranger'. Although not a Colour match these two have the same sire and their mares are siblings. Sired by SD Rebel this filly will have the feather of a Gypsy but more body and size. Making her a true old

128

style driving horse that can ride and pack as well. 'Mattie' will mature around 15.3 and 1450lbs. If you want one like nobody else has here's your chance! Hooked with her brother these two could "pull the barn down!" Watch for them together on sale day. There's a good chance she will roan out also as her sire is homozygous roan.

*If the buyers of our foals are not ready to take their colt home we can put them back on the mare for a time.

*Also for US buyers we are well versed in transporting our colts south and offer brokering and transportation across the border.

Another good size colt by Pickin Up Whiskey. Gonna be a 15HH using horse, like a number of his full siblings. He'll be great for roping, ranching or just about anywhere else you point him.

A grandson of World Champion Ranch Versatility Horse, who sired 2 great AQHA Champions. Sixes Picks was bred, shown and stood his whole life on the 6666 ranch. Many of the geldings used on the 6666 and many of the mares in their broodmare band are sons and daughters

134

of Sixes Picks. Pickin Up Whiskey is not only a son of Sixes Pick, he is out of a daughter of Paddy's Irish Whiskey and a granddaughter of Streaking Six. This colt is pretty good when you look at his bottom side too! His dam is a 40% line bred Poco Bueno horse out of a daughter of the great Solanos Peppy San and granddaughter of Major Bonanza. This good minded, trainable colt will fit the bill for whatever you are looking for. This gelding is gelded, haltered and ready.

This fella is out of one of my best working ranch mares and by my big ranch stallion with the best temperament. Comes from registered stock, but selling as grade. He was born April 5, 2025. His momma

is about 14.2, 14.3 and solid. Whether you need a job done in pasture/feedlot, want to go show in some cowhorse/reining classes, or need someone to babysit your kiddos while being ponied, she's your girl. She's also 5 panel negative. His daddy came to me older, but he has one of the kindest temperaments and ability to think about a situation I've seen. He stands a good 15.2 with solid bone and a great stride. He is also 6 panel negative. Little Casper himself is a bit more of a sensitive personality, but appears smart and kind with some catty moves like his mom. As a fresh baby he was all about the cuddles. Whoever gets him will have a buddy for life. We are very much hoping for a filly to keep for ourselves next year from this same cross.

Henry is my favourite from this year. He is out of registered stock and has the kindest way about him with a huge motor. To see him scoot across the pasture is always fun. He's not silly though and I think will make one of the

coolest, levelheaded ranch/rodeo/rope horses. He should have the size as well to hold that feisty yearling and carry his rider with ease. Both parents are kind and thinkers with height and size and able to cover some ground out in the pasture. You sure won't be disappointed with this fella whatsoever.

She's definitely the social butterfly of the group and has shown to be independent from the get go. Her dam is a super nice ranch bred mare and the stallion is as well. If you're looking for something that will have some size and be cowy and up for anything then take a look at her. Both sire and dam have excellent temperaments and personalities. I expect this filly to be the same.

Sire of the year in 2024 his baby's are taking after their father in both looks and talents. BHB is 7 panel negative Murphys damn, Plain Fantaschic is by the late Fantaschic LTE 16,000+ who placed 6th in the 1997 NRCHA open futurity and is a full brother to Chic Please.

This mare has been a wonderful horse for me over the years and has proved to be gritty, level headed, trainable and broke for anyone and everyone. She has been used in every aspect of ranch work and shown lightly. This mare has a big stop and is strong in the Rein work and is very cowy. We believe Murphy will embody all the wonderful traits of both her damn and sire, and make a great cow horse or rope horse prospect. Her color and bloodlines will also make her a great brood mare in the future. Murphys 7 panel test and roan factor color test was sent off and we are waiting for her results. Murphy is Eligible for the the following incentives Oswood Breeder Bonus, NRCHA Cow Horse Incentive, NCHA Super Stakes, NRHA Sire & Dam, National Reining Breeders Classic, Gold Buckle Futurities, Riata Buckle, ARHFA Top Gun Stallion. This colt is super fancy and correct! We absolutely love the cross of this mare to our foundation stallion RR Classy Gun. They make stout working horses with some height! This stallions foals have all started superbly and we are using them on our own place.

If you are looking for a solid working cow horse or ranch horse prospect, this guy will get you noticed! From mountain riding to the show ring he has all the potential and looks to do it all!

This one is for foothills ranchers, packers, outfitters and pickup men! This is a big strong colt with a good hip. His mother is a percheron paint cross, and his sire is running quarterhorse. I wish I could brag to you

about the achievements of his older siblings, but except for one yearling there aren't any. What I can say is that if your purpose requires a horse with a bit of size and substance, and the ability to get you where you need to be -on time- don't pass this one by.

His granddad is fast -- very fast {SI 107} and his momma is pretty -- very pretty, so he should be pretty and fast; or at least pretty fast! His sire is 15.1, his grandsire a real 16.2 and his dam is a strong 15.3 so he should

have good size. I expect he'll make 15.3. Look at his pedigree, --he has runners on top and body builders on the bottom, --- the formula for an outstanding athlete.

This filly is very structurally sound and square on all 4 corners. She has had an amazing temperament right from birth. She possesses a very sound and royally bred pedigree. On the face of her papers is Once In A Blue Boon,

Peptoboonsmal, Docs Stylish Oak, Playgun, Gray's Starlight and just off the paper is Docs Stylish Oak again, Freckles Playboy and Peppy San Badger. This filly is halter broke and on a regular worming and trim

program. She is 6 panel negative by parentage. Her sire is producing numerous money earners in Sk in the working cowhorse and cutting pen. With this pedigree this filly should be able to compete in any cow horse discipline. She has style and bone and I expect her to mature in that 14.3 to 15 hand range. Dont miss out on the opportunity to own this stylish filly.

Cindy is a beautiful blue roan filly that should mature around the 15 hand mark. Dam is a 1/2 quarter horse black Percheron and the sire is a blue roan quarter horse. Both parents have gentle minds I have kept a half brother to her and he has been nothing but great.
